

Rochester Duplicate Bridge Club **Policy for Visitor Partnerships**

Visitors are always welcome!

- Visitors should call the primary club manager or a board member for assistance in finding a partner.
- If a visitor shows up without a partner, the club manager should try to call club members that live nearby to determine whether they might be willing to play on short notice.
- In all cases, a free play will be granted to those individuals that offer to play with a visitor that shows up at a game session (without a partner).
